

Haneda International Airport Passenger Terminal starts offering a service of QR Translator!

Multi-language information guide is now available via QR code at Haneda Nihonbashi, Festival Plaza and TIAT Sky Road providing flight simulators and showcase of model planes of airlines in service on the 4th and 5th floor. By launching QR reader originally installed in your smart phone and holding its camera over QR code, multi-language information guide displays on the screen of phone.

- Available spots Haneda Nihonbashi ▪ Festival Plaza ▪ TIAT Sky Road
- Available languages English ▪ Chinese(Simplified and traditional) ▪ Korean ▪ Japanese

When you find this sticker, please activate QR reader of your smart phone and hold its camera over the QR code!!
