

# Collaboration Commences in Assistance Service

## for Customers Traveling between Haneda (HND) and Gimpo (GMP) Airports!

\* Provided free of charge at both airports

A service is available at the International Terminal at Haneda Airport for customers requiring assistance from a location of their choice in the terminal area (railway station, bus stop, taxi stand, car park, etc.) to the check-in counter of their airline when taking a flight out of Haneda, or from the arrival lobby to a desired location in the terminal area on arriving at the airport. This same service is available at Gimpo Airport in Seoul as a result of our collaboration with that airport to facilitate seamless movement between the two airports so that customers can travel with confidence.

(Assistance while moving from the check-in counter of your airline to the aircraft, and from the aircraft to the arrival lobby, will be provided by airline staff.)

Requests for assistance accepted from August 23 (Tue)!

### ■ Requests for Assistance Service at Haneda and Gimpo Airports ■
