Haneda Airport passenger terminals<sup>(1)</sup> have taken out 1st place for the 8th consecutive year in the World's Cleanest Airport category of the 2023 World Airport Awards conducted by the UK company, SKYTRAX<sup>(2)</sup>, as well as 1st place for the 11th consecutive year in the World's Best Domestic Airport category, and 1st place for the 5th consecutive year in the PRM<sup>(3)</sup>/Accessible Facilities category.

Haneda was awarded 2nd place in Best Airports in Asia and 3rd place in World's Best Airports. In the World's Cleanest Airports category, Haneda was voted 1st for the 10th time and the 8th consecutive year, while in the World's Best Domestic Airports category, it was voted 1st for the 11th consecutive year. Its emphasis on initiatives designed to assist passengers who require assistance in moving about are behind Haneda Airport's 1st place for the 5th consecutive year in the World's Best PRM/Accessible Facilities category.

Haneda Airport plays an extremely important role as a hub airport with a dynamic domestic and international route network. The airport's objective is to become a leading airport, linking all of its facilities with customer safety as its first priority, followed by environmental friendliness, convenience, comfort and functionality.
