Sharing Japanese entertainment from Haneda Airport to the world!

HANEDA GODZILLA GLOBAL PROJECT Launch

In late December 2025, the world's largest*, Godzilla Monument will be unveiled at Haneda Airport Terminal 3!!

Toho Co., Ltd. (President: Hiroyasu Matsuoka), Japan Airport Terminal Co., Ltd. (President: Kazuhito Tanaka), and the Tokyo International Air Terminal Corporation (President & CEO: Masatoshi Akahori) have joined forces to launch the HANEDA GODZILLA GLOBAL PROJECT, a mega-scale initiative to share immersive Japanese entertainment from Haneda Airport to the world.

Godzilla celebrated its 70th anniversary in November 2024, and its ever-expanding franchise only continues to grow. Its latest frontier will be Haneda Airport – Japan's gateway to the skies – a popular destination for people from both within Japan and abroad, and a hub for Japanese culture and tradition. In December 2025, a colossal Godzilla, measuring approximately 131 feet wide and 20 feet high, will appear in the Departure Lobby on the third floor of Haneda Airport Terminal 3. Only seen here, this staggeringly mega-scale Godzilla will welcome everyone who visits the airport.

Additionally, graphics of legendary kaiju will be displayed above the Information Counter in the Arrival Lobby on the second floor. On the same floor, a statue of Godzilla from the globally acclaimed film, *Godzilla Minus One*, will also be displayed to welcome everyone who arrives at Haneda Airport.

Inspired by the theme of Godzilla greeting and bidding farewell to all visitors to Japan, this project delivers an unprecedented airport experience where *Godzilla*, a Japanese global icon, bridges the beginnings and ends of their journeys through the power of immersive entertainment. “Welcome” upon their arrival, and “See you again” when they depart.

Blending the excitement of travel and Japanese culture, Godzilla will set the stage for a memorable prelude and epilogue to their journeys.
